Interface®

**For beautifully uplifting LVT, nature works.**

Step into Fresco Valley, a beautifully unique collection of LVT that integrates exquisite, natural detail into three original designs.

Cliff™ expresses flowing layers of stone, stippled with organic texture. Ridge™ reveals shimmering seams of water, angling across rocky minerals. And Great Heights™, with its rich, glowing woodgrain textures, varies in tone across expanding spaces.

Unique patterns born from nature, with sophisticated hues designed to enrich and enliven enjoyable interior spaces. Available in planks and squares.

Like all Interface products, the Fresco Valley Collection is part of our Carbon Neutral Floors™ program. When you specify Interface flooring, you're on the path to a more sustainable space. You're choosing to reduce the carbon footprint of your space and help improve the health of the planet.
